### **News Release**

August 1, 2006

For Immediate Release

### **Mosquitoes Test Positive for West Nile Virus**

Mosquitoes collected on July 18, 2006 in Bryan have tested positive for West Nile virus (WNV). The two sampling locations were the 3600 block of Tanglewood and the 3500 block of Oak Hill. City of Bryan mosquito control personnel have been notified of both locations and residents in those areas are being informed by automated phone messaging system.
